

Caribbean Leeward Islands

With a natural beauty that comes from palm tree-lined beaches and crystal clear water, Dominica features lush rain forests, scenic waterfalls and relaxing hot springs. Underwater scenery showcases pinnacles, walls and a sunken volcano in Soufriere Bay bursting with bright corals and playful reef fish. Saba is an exotic island with black sandy beaches, harbor shrimp, eels and groupers in its marine park. St. Eustatius offers historic sightseeing, beautiful beaches and the wreck of the Proselyte. Reef, wreck and drift diving are all available on the uncrowded and unspoiled islands of St.

Kitts and Nevis. Underwater tunnels and canyons are filled with a wide variety of schooling fish and healthy corals that are relatively undiscovered by divers. Tortola, the largest island of the British Virgin Islands, offers activities from sailing to hiking.
